SUBJECT: "THE NEW LEFT - ROAD TO ANARCHY"

Two copies of the captioned document are enclosed for each office. Copies have been furnished the White House, the Attorney General and other appropriate agencies.

A review of this document points up the fact that the Bureau is faced with the problem of investigating a new, extremely militant, violence-prone subversive movement. In order to effectively cope with this problem, it is essential that investigative and supervisory personnel be familiar with the background of this movement and the thinking of its leaders and activists. It is also essential that the current New Left line and its planned activities be ascertained. You are to make certain that Supervisors and Agents handling New Left matters read the enclosed document. Within 30 days from the date of this communication, furnish your comments concerning it to the Bureau.

As you have been previously advised, it is essential that organizations and activists affiliated with the New Left be aggressively and thoroughly investigated. Emphasis must be placed on developing high-level coverage of these groups and the Key Activists in them. This can only be done if all available sources and investigative techniques, including a review of publications oriented toward the New Left, are utilized. In this connection, it has been noted that college news media devotes considerable space to the New Left, its leaders, and the day-to-day activities of this movement. In addition, a review of such publications gives an insight into the philosophy underlying the movement. You are to insure that Supervisors and Agents handling New Left investigations are utilizing all available sources.

"THE NEW LEFT - ROAD TO ANARCHY"

Re Bureau letter to Albany, dated 2/16/68.

Captioned document has been carefully read by those Agents and supervisors handling New Left matters in the Little Rock Office. It is the unanimous opinion of all those reading this document that same is an outstanding analysis of the history, development, and dangers presented by this militant new force in our country.

The Little Rock Office recognizes the challenge that the New Left presents to this Bureau and the Bureau can rest assured that the Little Rock Office will make every effort to insure that any New Left activity in this division is promptly identified and thoroughly investigated in accordance with existing Bureau instructions. All Agents of the Little Rock Office are constantly being reminded of the necessity to remain alert through existing sources, informants, and in their day-to-day investigation for any indications indicating New Left activity or the emergence of any New Left organizations in this Division. These matters receive the close personal supervision of the SAC.

COUNTERINTELLIGENCE PROGRAM
INTERNAL SECURITY
DISRUPTION OF THE NEW LEFT

Re Bureau letter to Albany, 5/10/68.

The only "New Left" organizations in the Little Rock Division are chapters of the Southern Student Organizing Committee (SSOC) formed in February, 1968, at the University of Arkansas, Fayetteville, Arkansas, and during April, 1968, by students of Little Rock University (LRU) at Little Rock, Arkansas. The University of Arkansas SSOC chapter is reported to currently have approximately 30 members and the LRU SSOC chapter has approximately 10 to 12 members.

Neither of these organizations appear to have received any wide acceptance among the students at their respective universities and the members, for the most part, are considered "oddballs" and students who are not in the main stream of the student activity. In view of this, Little Rock Division does not recommend any specific counterintelligence action be taken against either of these chapters at this time.

On a national basis, it is felt that the most effective form of counterintelligence activity against these New Left groups would be for the Bureau to utilize all possible news sources in an attempt to ridicule the New Left and their activist leaders through cartoons and cooperative syndicated writers who specialize in satire since this type of humor is easily understood and accepted by the majority of college students. It has been the experience of the Little Rock Office that most college students do not want to become identified with these individuals involved in New Left type activities.

DATE: 9/17/69

FROM : SA [REDACTED]

SUBJECT: COUNTERINTELLIGENCE
PROGRAM, DISRUPTION
OF THE NEW LEFT

It is noted that during the recent inspection of the Little Rock Office, the Inspector mentioned in the Security Survey that the Little Rock Office should be made alert to taking advantage of the counterintelligence potential created by the dissatisfaction of [REDACTED] former SSOC traveler, over the high-handed tactics utilized by SDS in bringing about the dissolution of the SSOC. The purpose of this memo is to record that this possibility has been kept uppermost in mind for the past several months; however, [REDACTED] left Arkansas during the summer and went to Philadelphia, Pa. Additionally, the SSOC, which was dissolved in June, 1969, has been completely inactive since that time and, therefore, no positive counterintelligence action can be recommended at this time. This possibility will be kept in mind should former SSOC members subsequently become involved in SDS activity.
